Project Title: Yuna Kim Website

I am going to create a webpage with multipage. As other multipage websites do, people will navigate across the pages with linked button.

- **Home page/ introduction** – Introduces basic career of Yuna Kim. Set the tone for her social activism and impact

- **Early life and Early career**

- **Junior and Senior career**

- **After retirement**

- **Records and achievements including her donations**

- **Sources –** page with just the list of the sources
